**Can You Doubt It?**

When the Proof Can be so Easily Investigated.

When so many grateful citizens of Norway testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Norway says about Doan's Kidney Pills. Can you demand more convincing testimony?

C. E. Bradford, prop. laundry, Main St., Norway, Me., says: "Sometimes I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills, I got a supply at Stone's Drug Store. After I used two boxes, the pains left and there was a great improvement in every way. I have had no trouble since."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Bradford had—the remedy backed by home testimony. 500 all stores. Foster-Milburn Co., Props., Buffalo, N. Y. 26-27

**A Severe Sickness Leaves The Kidneys Weak**

After recovering from a severe spell of sickness some time ago, I was all run down and suffering from poor blood. I would have pains in my back and hips and my kidneys bothered me all the time. I started taking Swamp-Root and on the recommendation of a friend and found it was just what I needed. My blood became all right and after taking a few bottles, I was surprised at the effect it had on my kidneys. They were entirely cured and I have much to be thankful for that your great remedy did for me.

Yours very truly,

W. O. BLACKMON,

Phenix City, Ala.

Sworn to and subscribed before me, this 14th day of July, 1909.

**Children's Column.**

DEAR EDITOR AND YOUNG FOLKS:—I have looked and looked in vain for your letters. But the Editor got disgusted with us all? Yes, Polly and Pat, your answer was correct. Now I will give you another:—"A couple of men were talking on the street when a young man passed them. One said, 'Brothers and sisters, I have none, but that man's father was my father's son.'"

See if you can tell us what relation he bore to the young man. Now if I don't see this I shall know that we are too lazy and shiftless to keep the Column, or else they want it for other purposes.

I have a lovely time here. We have four cats and a great big beauty of a dog—his name is Ben.

I have a half-brother named Benj. Harlow. I also have some sisters and one other brother.

There have been two doves here, one stays most of the time, the other one comes in the morning but goes away again.

My teacher's name is Mary Stanley. She is a dear good teacher.

Good bye all. INA MAY BROWN.

June 15, 1913, West Stoneham.

DEAR BOYS AND GIRLS:—I will write a few lines now for the Children's Column. I am on a farm with my papa and mamma. We have got a pig, a horse, a cow, hens, a calf. I go to school. There are 21 scholars in our school. I hope there will be more girls and boys write again. Age 12.

MADE TRIMBACK.

South Paris, Me., June 16, 1913.

DEAR EDITOR:—I am visiting my sister at North Waterford and tomorrow we plan to go to North Waterford.

June 5th there were 21 of my friends hung me a June box and they were all caught. We had made ice cream to have that evening so we served ice cream and cake.

I was 14 years old May 30th, and May 31st I had a birthday party. For presents I had:—1 fountain pen, 2 handkerchiefs, 1 box of chocolates, 1 yard of dark blue ribbon, 1 yard of flowered ribbon, one class pin. I served ice cream and cake.

After the party Florence Leach and I went up to Leona Thayer's to suppers and came home in the evening. Well, as I cannot think of any more I will close.

Yours truly, FANNIE E. MCKEEN,

R. F. D. No. 3, box 23.

North Waterford, Me., June 16, 1913.

DEAR EDITOR:—I will write a letter as I haven't written for some time. My aunt is visiting me now. My papa is making shoes for Harry Brown. I take his dinner to him most every day.

My school is done. It closed June six, and won't begin till some time in September. I have had a good time this vacation so far. My mamma takes in washings. She does four besides her own.

I have two sisters and one brother. My oldest sister's name is Inez. She is seven years old. My youngest sister's name is May. She is three years old. My brother's name is Gordon Vincent. He is one year old. He can walk and has six teeth and two are swollen up.

My grandpa has two cows and two calves, one pig. For pets, a dog, one cat.

I go to Sunday school when I am not sick. I have been enough Sundays to get a gold pin. I give my mamma a lot. She has said lots of times she didn't know what she should do without me. I help her out a lot. I can get dinner and lots of other things.

They had pictures at the church last night on the Pilgrim's Progress, and we all went but my father and my brother. There is going to be a Circle, Tuesday night. I hope I can go.

It is ten minutes of ten and I must close for I can't think of any more.

From GERALDINE A. MCALLISTER.

The Red and White.

The Harrison Grammar School nine beat the Red and White team 10 to 0. But when we were booked to play a game against North Waterford and their failure—When our pitcher quit the game, it hit us so hard we had to scream.

We knew we had no chance to win, and we could not think of giving in. Not an inch, not a mile!

Adrian for the Red and White. And we forfeit our expected game, and lose forever our good name.

We knew what it meant to lose the game against the camps and the North Waterford team.

The rest of the season to pass in disgrace never again to hold our place On the old initial base.

But we won't live a inch—not a mile; Adrian for the Red and White. But cheer up! a pitcher we will find And so that is off our mind.

We will yet win the game And you will hear more of our good name For you can't down Harrison! Hurrah! for the Red and White!

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running sound or imperfect hearing, and this condition, if not treated, will result in permanent deafness. Hearing will be destroyed forever; once cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, Ohio.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BUCKFIELD.

Chester Tuttle and wife of Bridgton have been visiting at Charles Tuttle's.

Mrs. Martha Libby of Brunswick has been visiting her sister, Mrs. Alfred Shaw.

The new road machine purchased by the town has arrived, and was put in commission in the western section of the town.

Mrs. Emma Bonney has gone to Oxford, where she will stay a while with her son, Shirley Bonney.

Mr. and Mrs. Y. K. Brackett and daughter, Frances, have gone to Mrs. Brackett's home in Milbridge. After a two weeks' vacation, Mr. Brackett will go to Orono.

Christina Ring has returned to her home in Lewiston. She has been an assistant in the High school for the past term.

John F. Lamb of Livermore Falls was elected department commander of the G. A. R. of Maine over Rev. James E. Little of Bethel by a margin of 28 votes. The ballot stood 175 to 150.

Mr. Lamb was a candidate a year ago and was defeated by William H. Holston of Westbrook, 152 to 132. His victory is the result of a determination and a persistent endeavor to win in a fight where he had a strong candidate in opposition to him.

Mrs. Phoebe N. Hatch of Fryeburg was elected treasurer of the Ladies of the G. A. R. at the State convention; Mrs. Mary R. Tarbox of Fryeburg, Department Councilor.

Memorial to "Maine's" Heroes Unveiled

New York City's memorial to the heroes and victims of the destruction of the battleship "Maine" was unveiled on Decoration Day, May 30, 1913, with impressive ceremonies. All the available battleships of the North Atlantic fleet were ordered to New York to participate in the ceremony.

The memorial, which is described, with illustrations, in the popular Mechanics Magazine, is in the form of a monument in pink marble. It is surrounded by a gilded group typifying Columbia drawn by dolphins, and is surrounded by allegorical groups at the base. It stands at the Columbus Circle entrance to Central Park.

 born Dec. 10, 1841, in Harrison, the son  
 of Walter P. and Hannah Harmon.  
 Mr. Harmon has been interested in  
 several different business ventures and  
 for thirty years was connected with the  
 Eastern Wire Company of Harrison. Six  
 years ago Mr. and Mrs. Harmon moved to  
 Lynn and have since made a home with  
 their daughter, Augusta Harmon, of 6  
 Lincoln street. They have four daugh-  
 ters, seven grandchildren and four  
 great grandchildren living in various  
 parts of New England.  
 The observance was passed very quiet-  
 ly with the exception of an informal  
 gathering in the evening by the friends  
 and neighbors.

Mrs. Silas Bates and son Leroy, of  
 South Windham, have been guests of  
 Mr. and Mrs. George Flint.  
 Prof. F. E. Bristol, daughter and nurse

 dances, Thursday evening June 19th at  
 Grange Hall, and will continue them

 children from Urbana, Ill., are in town.  
 They will occupy Mrs. A. F. Whitney's  
 cottage through the summer. Prof.  
 Johnston will teach Prof. F. E. Bristol's  
 class of music pupils.

Mr. and Mrs. John Bowser from Ox-  
 ford were guests Sunday of Mr. and  
 Mrs. H. Briggs of Floral Lawn Farm.  
 Mrs. Bowser and wife, with Mr. and  
 Mrs. Fred Sparrow, all of Portland, also  
 took dinner with Mr. and Mrs. Briggs.

Three young ladies, namely—Annie  
 Purinton, Merle Whitney and Wilma  
 Southworth of our village were among  
 the graduates at North Bridgton acad-  
 emy. Miss Purinton had the class  
 valedictory, Miss Whitney the presenta-  
 tion of gifts and Miss Southworth the  
 class poem. They all did very finely  
 and our town ought to feel proud of  
 them surely.

**Which Would You Choose?**  
Are you in love? Did you ever stop to think of it as concerns yourself or did you ever say to yourself, "Am I in love?" The answer is easy, anyone can answer for you, yes!  
You may love music, art, books, agriculture, or architecture, or the church, Sunday School, or in fact anything good or bad.  
We tell others of the good things we love, and the bad we would keep to ourselves. Why do we claim to love good things unless we seek good things to others? "For God so loved the world that he gave his only begotten Son," St. John 3:16. "And sendeth the rain on the just and the unjust," St. Mat. 5:44. Are these not samples of love? "In as much as ye have done it unto these my brethren, ye have done it unto me," Does this mean anything? Think it over. Has your love been for self or has it been broader?

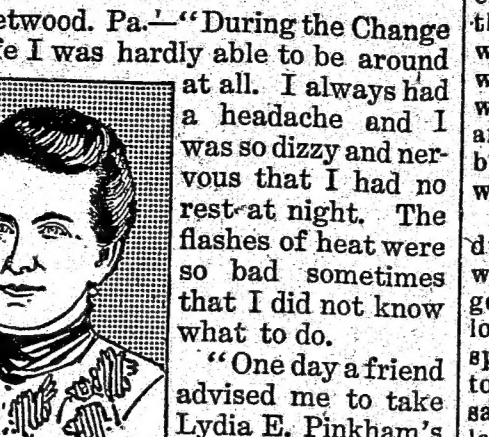

I know one man who has given his last penny many a time to someone he thought needed it more than himself. Some would give \$10 for an easy chair but not a cent to the Missions; let their apples rot in the cellar. The clothes that are soiled are thrown away or burned, while Mrs. Jones would give many nice things for her six children. One need not be rich as John D. to give, for the widow gave more than all the rest. Her's was a genuine gift, no sham or make belief.  
I would say, he that lives for and loves himself is miserable indeed. We don't find him at church, nor often in good company.

### Mrs. Hilbert Tells of Her Distressing Symptoms During Change of Life and How She Found Relief.

Fleetwood, Pa.—"During the Change of Life I was hardly able to be around at all. I always had a headache and I was so dizzy and nervous that I had no rest at night. The flashes of heat were so bad sometimes that I did not know what to do.  
"One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong well-compounded man. I followed my friend's advice and I shall recommend it as long as I live. Before I took the Compound I was always sickly and now I have not had medicine from a doctor for years. You may publish my letter."—Mrs. EDWARD B. HILBERT, Fleetwood, Pa.  
Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.  
Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

## A Subscriber Talks.

This is the season of the year when many are coming to our village to sojourn with us for a few weeks or months. Surely we have done all in her power to attract visitors. Our lake is surrounded by few in the world for its beauty. The mountains, standing out in bold relief, make a magnificent background for the intervening rural scenes, and its shores afford a fine camping place for those who are driven from the cities to find rest and quiet.  
When we realize what nature is doing every year at this time to attract travelers to our village and to make life seem to us more worth living to those who dwell here, the year around. When we think of this, we stop to consider whether or not we, as human beings, are doing as much to make life the brighter and happier for those with whom we came in contact.  
Many who come to visit with us or dwell indefinitely, soon learn that Norway people are generous by no means good hearted, but are sadly lacking in loyalty; by this I mean that there is a spirit of unjust criticism which seems to pervade the very atmosphere. Some say every village is given over more or less to gossip of an unkind nature, but those who have lived elsewhere think Norway leads in this sort of thing.  
Do we ever stop to realize the harm done by malicious gossip. I have known if people being driven from our town to seek a home elsewhere by no means more or less than idle gossip, perhaps thoughtlessly made but none the less destructive to the happiness of someone.  
Have known people who are incapable of saying the least unkind word against friends and yet who listened with evident pleasure to the malicious gossip of others against them.  
Why not be more loyal and reflect not so much on the faults of our neighbors as upon their virtues. Then again why do we concern ourselves at all about other people except in so far as we can help abolish crime and alleviate suffering. This we can never do by adverse public criticism.  
Haven't most of us enough to do to see to it that we ourselves are treading in the paths of virtue, without inventing some yarn whereby someone else's character is assailed or life made miserable.  
Not a week passes in our village when there are not circulated at least a dozen stories of a scandalous nature, everyone of which is absolutely false and groundless.  
It seems as if we all might be better employed, if we confined ourselves to righting real wrongs, striking at evils, whenever they exist, that would be commendable; but to spend so much time talking about imaginary wrongs doing nothing or that one's reputation, seems nothing short of a crime.  
We often hear unkind remarks made against our summer visitors. Because we treat the beaten track year in and year out, we should not envy those who are permitted to recreate for a brief period in which to dwell the year round.  
I have noticed this effect of malicious gossip upon our young people. Some thing is wrong with the home training when children are allowed to repeat what they hear in other homes.  
They should be so taught at home as to repeat what they hear, even to their parents.  
If we question them and urge them to tell all they hear when visiting, we simply plant the seeds of gossip.  
Let us then for the sake of the rising generation find something better to do than saying unkind things about our neighbors or meddling with things which do not concern us.

## Tobacco, Like Food, Must Be Fresh To Be Good

And tobacco cannot keep fresh after it is cut up, any better than bread or meat can. To get fresh tobacco, you must cut it off the plug yourself, just before it goes into your pipe. That's the way you use Sickle tobacco—that's the reason it burns slowly, and always affords you a cool, sweet, satisfying smoke.

Tobacco that comes already cut-up, in packages, gets dry and stale—burns fast and hot, and bites your tongue. The original flavor and moisture cannot escape from the Sickle plug—they are pressed in and kept in by the natural leaf wrapper.

More tobacco—fresh tobacco—no package to pay for—no waste—that's Sickle tobacco. Get a plug at your dealer's today.

### Cy Larkin.

The Fisherman.

By GERTRUDE I. BARROWS.

"Cy Larkin can always catch a good string of pickers," was said by his neighbors who were not always as lucky in the angling line.

It is probable that there were off days occasionally when the fish did not bite but if there were Cy did not speak of it very generally any more than he did of his lucky days. He was very uncommunicative to most of his neighbors for the reason they criticized his easy going sort of life. But Cy had some friends and confidants with whom he shared his fish stories and what was better a fine string of pickers or trout. (These friends were those who took Cy as he was.)

Fish were seemingly not much afraid of Cy for the reason perhaps that his rough, dark profile so silent and motionless against the sky was much like that of the protruding stumps and logs all around in the sluggish outlet of the lake where Cy trolled for pickers.

Often in summer before the sun had peeped over Mt. Kato, which overlooked the village, Cy would be off through the fresh, dewy fields to the pond or brook. What joy is a trip to such an hour? The first streaks of dawn are mile-stones, almost for the freshness of their memory. There is a peculiar impalpable silence with the rest of the world all wrapped in slumber. There is a sweetness about the air and earth, and a loveliness in the sky and across the fields and hills that gives one a deep joy to be alive.

Whether or not Cy was glad to be alive, he felt the fish biting which occupied all his attention, till the sun came blazing down too bright for further angling.

Then he would pull ashore the old boat and saunter homeward at a stately gait, gathering roots for the "pickers" which he made. For Cy manufactured a medicine out of herbs, roots and barks which he sold occasionally and was considered "perfectly harmless" by those who took it. Catnip entered in to a large proportion, also thoroughwort and wild sassafras. The size of the dose as prescribed on the bottle was "one swallow after meals and at retiring"—nothing said about the size of the swallows. Probably that did not matter much. Nothing mattered much to Cy as long as he could live his kind of life. His neighbors could worry over their crops; he had no crop to worry over, and all kinds of weather suited his business. To a true fisherman it does not matter so much how many or how few fish he gets; it is the fun of fishing. The true philosopher does not worry over getting much or little. He is much like the fisherman only he fishes for contentment and truth and joy instead of fish, and there is joy in "just the fishin'."
